# DERBAL TECHNOLOGY CO.,LTD

## Selling point

**Suspension system:**  
Independent shock absorber  
Make people more comfortable

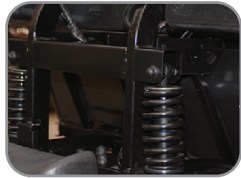

**Cowl:**  
Graceful, unique, could suffer  
40-ton truck rolling

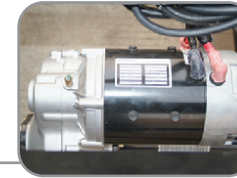

**Dashboard:**  
Convenient for operation,  
Humanized design concept

**Battery:**  
USA Trojan brand

**Shock absorber:**  
Adopting automobile  
steering system design,  
independent suspension  
system

**A.D.C motor:**  
originally imported from USA, 3.7 KW  
output, strong torque, stable  
performance, high temperature  
resistant, good sealing performance.

**Bumper:**  
strong enhancement bumper  
is the best choice for collision  
absorption.

**Controller:**  
American Curtis Controller

**Braking cables:**  
Lvtong unique brake cable is  
protected by rubber cover.  
There is rubber seal inside  
preventing from dust and water.

**Pedals:**  
Integrating acceleration,  
brake and parking together.  
Braking distance is adjustable.

**Chassis:**  
High tensile steel welding structure,  
electrophoresis treatment for the  
whole chassis enhances the anti-corrosive  
and anti-rust performance

**Transaxle:**  
Continuously variable transaxle  
no noise
