E2043D

- Side Opening (Standard: Right Hinge)
- Decoding Function Included
- Flash Memory (Stores up to 200 records)
- EU CE Certification Compliant, RoHS Compliant;
- ESD Anti-static >6000V; Solid Steel Double Bolt Locking Mechanism
- ADA Silicone Buttons with Braille Markings
- LED Display Screen (Blue Numerical)
- Each Unit Comes with Batteries and Carpets
- Includes Mechanical Key; Keys are Batch-matched
- 6-digit Password (Can be set between 4-6 digits);
- Box Automatically Locks after 3 Incorrect Password Entries
- One-button Self-locking Feature (To prevent customers from forgetting to lock the safe) (Locks with a single button press within 5 minutes)
- Low Battery Alert;
- Password Feedback Feature;
- Administrator Password Configuration Option.

Model	Specifications	Color
E2043D	W445xD380xH200mm	Black

E4035B

- Upward-opening with single pneumatic bar
- Equipped with decoding functionality
- Flash memory capable of storing up to 200 records
- EU CE certified and RoHS compliant;
- ESD anti-static protection exceeding 6000V;
- solid steel double bolt locking mechanism
- Features ADA-compliant silicone buttons with tactile markings for the visually impaired
- Includes a blue LED display screen for easy viewing
- Accommodates up to 15-inch tablet computers
- Each unit includes batteries and carpeting
- Comes with a mechanical key;
- batch-matched keys provided according to each order batch
- Utilizes a 6-digit password system (configurable between 4-6 digits);
- automatically locks after 3 incorrect password attempts
- Includes a one-button self-locking feature (activates within 5 minutes to prevent accidental unlocking)
- Features a low battery alert, supports operation in both Chinese and English languages, and includes a password feedback function
- Option to set an administrator password for enhanced security

- Equipped with decoding functionality
- Flash memory capable of storing up to 200 records
- ESD anti-static protection exceeding 6000V;
- solid steel double bolt locking mechanism
- Features ADA-compliant silicone buttons with tactile markings for the visually impaired
- Includes a blue LED display screen for easy viewing
- Accommodates up to 15-inch tablet computers
- Each unit includes batteries and carpeting
- Comes with a mechanical key;
- batch-matched keys provided according to each order batch
- Utilizes a 6-digit password system (configurable between 4-6 digits);
- automatically locks after 3 incorrect password attempts
- Includes a one-button self-locking feature (activates within 5 minutes to prevent accidental unlocking)
- Features a low battery alert, supports operation in both Chinese and English languages, and includes a password feedback
- Option to set an administrator password for enhanced security
